

CHEN'S CHINA

A day in the life of Chen

I like eating fruits, especially the apple. The fruits keep me healthy.

We eat with chopsticks. We call chopsticks "kuai zi" in Chinese.

We buy these fresh vegetables in the market. Vegetables are so good and nutritious!

These are the Chinese barque meat sticks. Yummy, yummy...

This a colourful night market. The Chinese lanterns are fantastic!

I love my family and we take care of each other.

I study hard and I have done an excellent job in my studies!

Riding a bicycle is an effective way to keep fit. We enjoy doing exercise.
